Route instructions

[1] Turn left out of car park and follow road short distance to turn first left into a road. Follow the road uphill and pass church on right. After passing a road going downhill on the left continue onwards to point where road bends to the right. Here turn left onto a path which runs ahead along a contour of the hill. On reaching a junction with a path coming downhill from the right turn left onto it and follow to a gate leading out into a road.

[2] Turn left onto road and almost immediately turn right into a road opposite. Follow the road ahead for approximately 100 yards and turn left into a lane. Follow this lane which after turning a sharp righthand bend goes ahead to cross the railway line by a bridge. Shortly after crossing the bridge the surfaced road comes to an end. Here turn left and follow a track to meet a path running alongside a rhyne.

[3] Turn right onto path and follow it alongside the rhyne until reaching a path turning off to the left. Turn onto this path and follow it as it bends between the hedgerows. Soon after the point the path becomes surfaced watch for a path turning left..

[4] On finding path turn left onto it and follow it as it crosses fields going slightly diagonally to the left. On reaching railway line cross it with great care listening and watching for trains before you cross. Continue in the same direction over next field and on reaching a hedge bear right to follow it on the left. On reaching a "T" junction with another path turn left and go ahead to cross a path and on to junction with road in Brent Knoll Village opposite the car park.
